## Team Member Information Sheet

[illegible]

Do you have a fear of heights, step ladders, scaffolding, or other fears? If so, please explain.  
We do not wish to place an individual in a work situation where they are uncomfortable or may  
be placed in inappropriate danger.

Are there any food or diet considerations we should know about you?  
If you have dietary considerations because of choice, such as a vegetarian, please let us know.

Are there any foods you would like considered for the trip? This will assist in menu preparation  
and determining food items that may be taken along.

Please tell us of any physical conditions the team/leaders should be aware of that may affect  
your work. (Joint problems, limitations, exposure to sun, heat, medications, etc.)

What are some of your expectations from the trip?

How do you feel you can be used most effectively on the trip?  
Remember, the focus of the trip is to help our brothers and sisters in Christ with a project.

I'm sure you are aware of the movement of the Holy Spirit in the young people across America. College campuses and churches are seeing large numbers of young people finding Christ to be the answer for the problems of our society. They are asking for forgiveness and allowing Jesus to lead and guide them as they go forward in life. They are extremely passionate and full of God's love and mercy. It is thrilling to see gatherings of young people fired up to give witness of the peace they have found through Christ and their desire to tell others. This phenomenon can only be led by the Holy Spirit and is not just here in the United States. Across the globe the Holy Spirit is calling young people to follow Him and find truth and peace in life. The thing that challenges the church now is to offer guidance and opportunities for the young people to realize their call. To help them learn and understand this call to serve.

We would like to offer this Work and Witness trip as a tool to get to know Him in a closer more personal way while we serve Him together. I feel the Holy Spirit movement in the youth is happening in our churches as well. The church in Peru was affected by Covid 19 drastically. They lost many pastors, a District Superintendent as well as many members of the church. But, because of the pandemic the young people and the older people were brought together like never before. The pastors needed the help of the young people to help with social media since services had to be online. There are many young people there experiencing the call to serve from our Lord. They need opportunities to grow and study for their ministries. Online classes are helping tremendously but cannot fill the need like person-to-person training in a classroom setting. That is why we are focusing on the Seminary in Chiclayo. We would like to help them help their young people in their search for their calling and in fulfilling it.

Come help us as we rebuild some areas damaged by a flood and refurbish the classrooms at the seminary. This work will be a great testimony of our love for brothers and sisters with a call. We will hear testimonies of how some of them were called as we have invited some to come work with us. Our devotional time will be centered on hearing God, knowing His voice and understanding His will.

You will need a PASSPORT and an updated TETANUS shot. It is taking much longer for passports to come these days so if you are interested in going with us, please see about applying for your passport ASAP.

There will be an orientation meeting in November for the team to go over all the details of the trip, answer questions and get to meet one another. You will receive a tee-shirt that we can wear on the plane.
